FEATURED PROJECTS

Multi Spells *Unity, C#*

[\[Link\]](#)

BGDC Talent Group Batch 6 Game Project

A pixel art side-scroll platformer dungeon-crawler game with the focus of combat using card-themed spells, this project was also my first game development project alongside everyone on my team.

Into the Function *Unity, C#*

[\[Link\]](#)

BGDC Pengabdian kepada Masyarakat (PkM) Game Project

A roguelike card game taking the theme of code and algorithm. This project takes inspiration from the core gameplay loop of Slay the Spire video game. Built for educational purpose of teaching players about functions and problem solving.
